The Access2Canada Project invites European researchers and research managers to participate in a Live Web Seminar on the opportunities to collaborate with Canadians in projects supported by the Canadian Institutes of Health Research (CIHR). The presentations will focus on:

- **CIHR Grants and Awards:** Support the international advancement of health research. Open to international collaborators.
- **Banting Postdoctoral Fellowships:** Support international researchers who have recently completed a PhD.
- **Vanier Canada Graduate Fellowships:** Support international students undertaking doctoral studies at Canadian universities.
- **Canada Research Chairs:** Support international researchers who meet the highest standards and work in strategic areas identified by Canadian universities.

Please see below to register:

Registered participants will be able to log on from their computer, see and hear the presentation and chat or ask questions directly to the presenters. Speakers are required to hear the presentation. A microphone is required to ask questions. Headsets are recommended.

Registration is free.

Please register *prior to the webinar* by going to:

<https://www4.gotomeeting.com/register/514121679>

At registration, you will be asked to download the necessary software from “GoToWebinar.” After registration, you will receive a confirmation email containing a direct link for logging into the webinar on May 30th.
